THE WORLD SACRED SPIRIT FESTIVAL – NAGPUR & JODHPUR

Under a star-studded sky, amid the sand-dunes of the Thar Desert, a beautiful song floats on the breeze...

Tucked away in a corner of western Rajasthan, the Nagaur Fort is an intimate and evocative fortress juxtaposed against the rugged landscape. Every February, artistes from rural Rajasthan and across the world, come together to play their music together in harmony. The music at this event has a spiritual quality, drawing from ancient Sufi traditions. The cozy setting and informal interaction makes it an engaging and delightful experience.

After two days, the event moves on to a larger venue, Jodhpur's iconic Meherangarh Fort. Amid the imposing ramparts of one of this beautifully restored monument, various folk and world musicians come together.

Are you a music and culture lover? If so, this is the event of a lifetime. Ask us to know more!
