

Cleaning Materials and Sustainability

At ACME Voyages, we prioritize environmentally friendly cleaning products that are effective while minimizing harm to people and the planet.

Cleaning Purpose	Product Name / Brand	Reason for Choice / Sustainability Feature
All-purpose surfaces	Ecover Multi-Purpose Cleaner	Plant-based, biodegradable, phosphate-free; safe for daily use.
All-purpose surfaces	Method All-Purpose Cleaner	Non-toxic, biodegradable, made from renewable resources.
Dishwashing	Seventh Generation Dish Liquid	Plant-based, biodegradable, cruelty-free, low environmental impact.
Laundry	Ecover Laundry Liquid	Plant-based, biodegradable, reduces water pollution, effective at low temperatures.
Disinfecting surfaces	Hydrogen Peroxide Solution / Diversey Oxivir	Effective disinfectant, less harmful than chlorine-based chemicals; biodegradable.
Microfiber cleaning tools	3M Microfiber Cloths	Reusable, reduces paper towel usage, minimizes chemical consumption.

Cleaning Purpose	Product Name / Brand	Reason for Choice / Sustainability Feature
Glass cleaning	Method Glass + Surface Cleaner	Non-toxic, biodegradable, safe for indoor use.
Bathroom cleaning	Ecover Toilet Cleaner	Plant-based, biodegradable, phosphate-free, safe for septic systems.

Why these are the best choice:

1. Environmental responsibility: Biodegradable, plant-based, and low-toxicity products reduce harm to ecosystems.
2. Health and safety: Non-toxic and low-odor formulations protect staff and clients.
3. Sustainability standards: Many of these brands have certifications such as EcoLogo, EU Ecolabel, or USDA Organic.
